No. 31

Violet, Niles' lady goat, has moved her dining room from next to Doc Grau's to the shade of Ed Rose's sign board. We have always heard that goats like variety in their diet but we know this is not so because, as we stopped to pass the time of day with Violet this week, we offered her a copy of Colliers magazine. She refused it.

We again urge the school board to consider making the outside of the new building in Niles conform to the Spanish California type of architecture. The California Nursery has done much to publicize this section as Old California with its old adobe. All of the newer residences and business buildings follow this pattern. The legion building, the Ellsworth building, Marjorie Moore's building are all finished in the white, semi-tropical appearance which makes the town look neat.

Floyd Parks, Centerville storekeeper, went fishing at Hope valley recently. "The name of this valley is, in itself, an encouragement to fishermen. When we asked Allen Walton, who gave us this item, if Parks had had any luck, Walton replied "Well he says he got 18 fish".

Hardest working man in the township last Sunday was Dallas Paul of Chapel of the Palms. A string of accidents kept Dallas and his ambulance hopping until 11 p. m. We are going to write a letter to the highway department demanding that they pass a law against accidents on Sunday so that Dallas can get some rest.

Supervisor George Hellwig is doing his best to find out what the local people want. Some time ago he wrote to a number of his constituents asking them for suggestions as to what this township needs.

Those who answered received personal calls from Mr. Hellwig. Some skeptics will say, "Oh, he's just doing that to line up the vote".

Mebbe so, but that makes no difference. The fact remains that he is doing it, and that's what the township needs—a working supervisor.

Niles new Postmaster Enos, all unsuspecting, went to a district postmasters' meeting in Pleasanton the other night. Upon arrival, he found he was the piece de resistance, so to speak. Other postmasters initiated him by forcing him to make an extemporaneous speech. From what we hear, he came through all right.

FUNERAL SERVICES HELD FOR MARY DUARTE

NILES—Funeral services were held July 26 for Mrs. Mary Duarte. Mrs. Duarte had been ailing for some time and died at her home last week.

She was a native of the Azores Islands and had lived in Niles many years. She is survived by her husband, John Duarte, three daughters, Mrs. Helen Leal, Centerville; Mamie Ferrera and Carrie Duarte of Niles, and two sons, Tony and Raymond Duarte of Niles.

Brothers are Joe and Frank Garcia of San Francisco and Tony Garcia of Niles. Surviving sisters are Minnie and Rosi Garcia of Centerville, Marianna Bettencourt of Centerville, Louisa Vasconcellos of San Francisco and Emma Garcia of San Jose.

Funeral services were held this morning from the Duarte home with mass at Corpus Christi Church and interment at Holy Ghost Cemetery under direction of Chapel of the Palms.

Lively Argument Attends Discussion Of Bigger Site For Niles School

TAXI RIDE LOVELY BUT AH ME! BILL COMES TO \$15 TOTAL

NILES—Because it was a nice day and Herbert C. Wilson and Allen D. Eagan had been doing a little celebrating up at Tracy, they decided they would take a trip to Niles Canyon by taxicab.

Accordingly they hired the cab and ordered the driver to head for Niles.

When they arrived at their destination, they thanked the driver but informed him that they had no money with which to pay the bill. The bill was \$15.

The taxi driver did not object to the loss of the money so much, although he is no Rockefeller; but the principle of the thing got him so he called deputy sheriffs H. C. Kelsey, Henry Vervais and Richard Condon who pinched the pair.

When San Francisco officers heard about it, they told the local cops that they wanted Wilson on a check charge.

Judge J. A. Silva took care of Eagan with a ten day jail sentence.

WATCHMEN PROTECT FRUIT TREES ON SHINN PLACE

CENTERVILLE—Because Joe Shinn, Jr. had to take to his gun to keep tramps from stealing all his apricots, a special night watchman and day watchman are on duty, guarding orchards in this vicinity.

Ernest F. Dillon, caught trespassing in the Shinn orchard, was sentenced to 15 days in the county jail by Justice of the Peace J. A. Silva.

YOUTHFUL HOBOES SENT HOME TO PARENTS

NILES—Four Los Angeles boys are on their way home as the result of disembarking from a freight train this week under the eyes of Constable Henry Vervais.

Because they were very dirty, looked too young to be hopping freights and had practically no money, Vervais took the boys in custody. They told him they had the consent of their parents to travel to fruit growing districts in search of summer work but sheriff's officers, doubting their stories, informed their parents.

Word came from Los Angeles that the parents had not given the boys permission to try the hobo life. They were sent home.

PLANS UNDER WAY FOR NEW SIGNS ON NILES HIGHWAY

NILES—Illuminated highway signs to direct motorists to the business district of Niles will be purchased in the near future by local business and service groups.

One sign is planned at the Niles Canyon Junction and another for the west end of town by members of the Junior Chamber of Commerce. The group plans to call upon the senior chamber of commerce to assist in the venture.

BUDGET HEARINGS FOR SCHOOL DISTRICTS DUE AUGUST 5

NILES—Budget hearings for township school districts will be held at the school houses on the evening of August 5.

Publication of the proposed budgets is this week in local newspapers. The Washington Union High School district's budget is the largest. Decoto's is next and Niles third.

NILES—Good-humored argument and swift action were the keynotes of the mass meeting held Monday night at the Niles grammar school on the question of moving the school grounds when the new building is erected.

About 40 persons attended. All but three stood up when Chairman E. A. Ellsworth called for a standing vote to approve the plan.

Under mandate of the meeting, School Trustees Joe Gomes, Harry Tyson and Ben Murphy will advertise the present school property of four acres for sale in the near future. If bids offered are sufficiently high, six acres will be purchased from J. C. Shinn near the California Nursery property for the new site.

Shinn will sell six acres for \$9000. Such a tract will give the school two more acres for playground and building than it now has.

At the mass meeting, Gomes answered all questions propounded by residents interested in the plan. Judge J. A. Silva started the ball rolling with the declaration that he was opposed to moving the present site unless the change meant an appreciable gain in the amount of acreage.

He declared himself satisfied with Gomes' statement that two more acres would result. Gomes went on to point out that present methods of building schools require one-story plans and that this would mean the new building will take up more ground space than the old.

He also pointed out that by reason of the fact that present school grounds are bounded on two sides by streets and on a third side by Alameda creek, it would be difficult to add acreage to the present grounds.

J. C. Shinn, who attended the meeting, declared that he was willing to sell six acres of his tract in any shape the district might desire.

Questions regarding the size and location of the proposed new site were asked by Mrs. C. N. Myrick and Mrs. C. H. Franklin.

In commenting on the cost of building, Gomes said that to build on the present site, it would be necessary to move the old building back, and erect several temporary rooms at a total cost of \$8000. By building on the new site, the old school could be used, as is, during construction and that sum of money saved.

Hugh M. Kibby made the motion which carried at the close of the meeting.

SUMMER RECREATIONAL SCHOOL STARTS IN CENTERVILLE

CENTERVILLE—The summer recreational school is now in session at the Centerville Grammar School every afternoon from 1 to 5 o'clock and from 9 to 5 o'clock on Saturdays.

All children are invited to attend the craft classes and the supervised play periods which are under the direction of competent Work Progress Administration supervisors.

Parents interested in having their children enrolled in these classes are asked to bring them to the primary building at the Centerville Grammar School.

There is no charge for this service and children of all ages are invited to attend.

Voice: "How do you feel this morning?"—Lady: "All right".

Voice: "Then I guess I have the wrong number".

HARD TIMES PARTY AUG 28

NILES—Annual Hard Times frolic of the Niles Junior Chamber of Commerce is to be the most elaborate affair of its kind this year, says Mosey Mosegaard, chairman of the event.

The event is to take place on August 28 at Stoneybrook park in Niles canyon.

Sunny Californians will provide the dance music and everyone is expected to attend in old clothes.

FIGHT TO REPLACE OLD BRIDGES IN CANYON UNDER WAY

NILES—A county-wide campaign to get the old bridges in Niles canyon replaced will start in the near future. Sam Kerns, Dick Attinger, Lawrence Sharpe and Addison Richmond are members of a Niles Junior Chamber of Commerce committee who will get in touch with other service groups to fight for the new bridges.

Reduction of permissible truck load limits over these bridges has seriously handicapped the work of the California Pottery Co. and others recently.

ALVARADO EAGLES TO ENTERTAIN HAYWARD AERIE

ALVARADO—Members of Hayward Aerie F. O. E. will be guests of honor at the regular meeting of the Alvarado Aerie in the I. O. O. F. hall here August 2.

The Hayward lodge will exhibit motion pictures. Two new members will be initiated. They are Joseph T. Marks of Irvington and Frank Fries of Newark.

STIVERS DIES AT DAUGHTER'S HOME

NILES—Simeon Stivers, 76, township pioneer, died at the home of his daughter, Mrs. H. Lovell Scott, Wednesday night. He had been in ill health for some time but had kept fairly active until Wednesday, when his physician ordered him to go to bed.

Mr. Stivers was born in the township, his father, also named Simeon, having brought the family to California by way of Cape Horn in the early days.

Mr. Stivers lived most of his life on the family place between Centerville and the Mission district. Funeral services will be Saturday at 2 p. m. under the direction of the Berge mortuary.

Mr. Stivers leaves two sisters, Letitia and Annie and two brothers, Mark and Edward, all residents of the township.

He is survived by two sons, Leslie and Leland, and three daughters, Mrs. Grace Heidusk, Mrs. Lillian Scott and Mrs. Elizabeth Meyers. Mrs. Scott is resident of Niles.

FAIR MANAGER PAYS VISIT TO WASHINGTON TOWNSHIP

NILES—Robert Muckler, newly named manager of the California State Fair at Sacramento was a recent visitor in Washington township. Muckler came down from the capital city and was accompanied on his trip through the township by Supervisor George Hellwig, Supervisor George Jansen, Paul Goldsmith and N. W. Armstrong, executive secretary of the Alameda County Development Commission.

The group visited several wineries in this locality and later explored the Livermore-Pleasanton region.

Muckler announced that he was delighted with the prosperous conditions he found in Alameda Co. He further stated that the 1937 California State Fair would excel any previous exposition staged at Sacramento. He conferred with a number of county exhibitors who will take part in the state fair.

CAR HITS BARRICADE NEAR NURSERY CROSSING AND TWO ARE HURT

NILES—Arthur Grunwald, 586 Twelfth street, Oakland, was used to driving past the Nursery on the Niles-Hayward highway without any delays.

But Wednesday morning, when he tried it, he ran into a barrier erected by the state highway department during construction work. Such was his explanation to officers investigating the wreck in which Grunwald suffered facial injuries and his companion, Penny Lundy of 2638 Valdez street Oakland suffered a broken rib. The pair were treated by Dr. E. C. Grau and Grunwald was cited for reckless driving.

MERCHANTS HAVE BIG OUTING

The annual outing and picnic of the Hayes Valley Merchants and property owners association of San Francisco was held in Niles Canyon on Sunday. Wedgewood Workers Will Make Whoopee On Aug. 15

NEWARK—"Whoopie", opined Mr. Lester Burdick, "in the highest sense of the word" is what the Wedgewood employees will enjoy on August 15 at the most stupendously scintillating arena of entertainment ever to be offered at Stoneybrook Park in Niles Canyon.

The affair is to be a picnic of gigantic proportions with dancing, gate prizes, games, barbecue and general gayety. Mr. Burdick further characterizes it as an affair where employees and families of employees can have a rousing good time.

Everyone is to bring his lunch and sandwiches and refreshments can be purchased at the park. Gates will open at 10 a. m. Lunch will be at 12. A seven piece orchestra will provide dance music through the afternoon and races games will begin at 1:30.

Following is a list of entertainment:

Match race between Journey-

CENTERVILLE—The decorations are up. The booths are being constructed. More than 40 organizations and business firms have entered floats in the parade. The Queen contest is growing into a neck-and-neck affair.

Such were the reports snapped out by committee chairmen for the Washington township Fair, on Aug. 6, 7 and 8 at the Lions club meeting this week.

H. E. De Leon, general chairman of the fair, took charge of the meeting in which all details are outlined. Joe Adams, parade chairman, says he is bending every effort to get as many as 100 entries in the parade.

Adams declared that Filipino residents are planning an elaborate float with string music. The Japanese American Citizen's league famous hereabouts for the enthusiasm with which it takes part in community enterprises, promises an extra fine float.

In addition to commercial booths already signed for at the high school grounds, there will be booths for the high school, the Boy Scouts, the Farm bureau and other active organizations.

Program, as De Leon now has it lined up, will include band concerts on Saturday and Sunday, possibly a carnival, a drum and bugle corps contest, a big floor show Friday night and the coronation ball.

The queen contest will close August 3 with a big dance at the high school.

HORSE SHOW WILL BE ON AUGUST 20

HOLLISTER—On August 20 over the trail which three-quarters of a century ago was followed by Tiburcio Vasquez, noted bandit, caravans of horses will ride.

This date has been selected for the opening of the annual San Benito County Saddle Horse Show and Rodeo, it was announced today by President Jacob M. Leonard of the saddle horse association of this county.

Instead of carrying their riders over the road which the famed bandit took in his escapes from sheriffs' posses, these present day horses will be trucked to Bolado Park to take part in the three-day program opening at 1:30 on Friday afternoon, August 20.

## TRIP IN AN AIRPLANE

'Twas in an airplane that we sailed,  
High up through the air.  
And countless mysteries we hailed

Of things that happened there.  
We traveled on the Milky Way,  
And tried to get a drink,  
Then flew to where the stars all stay,

To see what made them blink.  
We met the man who keeps the moon  
And bought a slice of cheese;  
Then ate our lunch, for it was noon,  
And took the next stiff breeze.

We then against the sun did fly,  
Where sundogs romp and roam;  
Fished awhile in a mackerel sky,  
And beat it back for home.

## UNUSUAL WEATHER

Esther Crone  
No matter the weather, be it stormy  
or clear,  
January or August, any time of  
the year,  
This refrain from the Californian  
I hear:  
"Tis most unusual weather!"

If I go to the hills where the clouds  
swing low,  
The ranger will say, that he never  
did know  
It to hang on like this and the fog  
act so;  
"Tis most unusual weather!"

Then if down on the beach I loiter  
along,  
Where the waves roll high and the  
wind blows strong,  
They tell me there surely is some-  
thing wrong:  
"Tis most unusual weather!"

And if out on the desert as I motor  
by,  
I find such a heat that I almost  
die,  
The natives with scorching breath  
will cry:  
"Tis most unusual weather!"

Just as winter comes on with its  
cold and rain,  
And this thing happens time and  
again,  
The natives still harp on this  
same refrain:  
"Tis most unusual weather!"

WE KNOW HOW DANGEROUS A BLOW-OUT CAN BE!

... that's why we swear by this life-saving Goodrich Tire

ARE your tires safe? Do you realize what havoc one blow-out can play with life, limb, car and pocketbook? Decide now whether it isn't wiser to come in today and let us put a set of Goodrich Safety Silvertowns on your car. No other tire in the world can give you the priceless protection of the Life-Saver Golden Ply, a layer of special rubber and full-floating cords, scientifically treated to resist the terrific blow-out-causing heat generated inside all tires by today's high speeds. You're protected because rubber and fabric don't separate. Dangerous heat blisters don't get a start inside the tire. And when you prevent the blister, you prevent the high-speed blow-out.

And this is remarkable—in spite of the fact that Goodrich spent thousands of dollars to develop this life-saving invention, the Silvertown does not cost you a cent more. In fact, Silvertowns cost even less than other super-quality tires! Keep danger a stranger. See us about a set of Golden Ply Silvertowns today.

## GOODRICH ENTERS LOW-PRICED TIRE FIELD!

PERSONS UNKNOWN, claiming  
any right, title, estate, lien or in-  
terest in the real property described  
in the complaint adverse to plain-  
tiffs' ownership, or any cloud upon  
plaintiffs' title thereto, Defendants:  
to appear and answer the com-  
plaint filed in the County of Alame-  
da in an action entitled as above,  
brought against you in the Super-  
ior Court of the State of California,  
in and for the County of Alameda,  
within ten days after the service  
on you of this summons—if served  
within said County, or within thirty  
days if served elsewhere.

YOU ARE HEREBY NOTIFIED  
that unless you appear and answer  
as above required, the said plain-  
tiffs will take judgment for any  
money or damages demanded in the  
complaint as arising upon con-  
tract, or will apply to the court for  
any other relief demanded in the  
complaint.

YOU ARE FURTHER NOTIFI-

court shall deem that a partition  
of said land cannot be made with-  
out great prejudice to the owners;  
but in case the court shall deem  
that partition can be made without  
great prejudice to the owners, then  
that the court order a partition of  
the same, according to the respect-  
ive rights of the parties, as ascer-  
tained by the court, and appoint a  
referee or referees thereof, and de-  
signate the portions to remain un-  
divided, in case they shall appear to  
be owners whose interests are un-

## Story Told Of Old Sugar Mill At Alvarado

### NEWARK TAKES THREE IN ROW

By Scoop Pashote

NEWARK—The Newark Mer-  
chants are continuing their win-  
ning streak as they defeated the  
Durito Motors of Oakland by a  
score of 11 to 10.

The most exciting, interesting  
and arguing baseball game was  
Sunday when Durito Motors in  
the ninth inning had the bases full,  
two outs, and one run in, and then  
Mello drove a line drive over the  
shed in right field which was  
fouled by three feet. An argument  
started that the ball was fair but  
Tony Martin, who was umpiring  
settled the dispute when he told  
them that the end of the shed is  
the fair ball line.

"Lefty" Amaral for Newark who  
pitched 4 innings allowed 8 hits  
and 6 runs, and Frank Dederios,  
St. Mary's University Frosh,  
University Frosh allowed 11 hits,  
and 3 runs.

Pacheco and Pruet, California  
University of Frosh allowed 11  
hits.

The star hitters for Newark  
Sunday were: Azevedo getting 4  
hits out of 5 tries. Joe Dutra got  
a double and single. Tony Ornel-  
las got 2 for 4, one a double and  
the other a swell bunt that he beat  
out. George Medeiros got 2 for 4,  
and Ed. Lebon beat out a bunt for  
a hit.

Boosting Joe Dutra this Week  
This week I will boost "Scrappy"  
Joe Dutra who is back with New-  
ark again. He hails from Alvarado,  
and is about the best defense ball  
player for either third base, short  
stop, or second base in the town-  
ship right now. He is a fair hitter  
and he got his hits Sunday when  
he got a double and a single out  
of 3 times at bat.

Newark will not play ball for  
three Sundays due to the Oakland  
Tribune Tournament. The as-  
sociation will not book any games.

Newark will play August 22, the  
California Colored Giants of Oak-  
land at Newark.

ALVARADO—Story of the first  
successful beet sugar mill in the  
United States—the plant at Al-  
varado—is told in a book "A Cen-  
tury of Sugar Beets" issued this  
week by the beet sugar industry.

The article, which carries a  
picture of the first mill here and  
of E. H. Dyer, its builder, declares  
that the Alvarado factory was the  
third to be built in this country  
and the second to be built in Cali-  
fornia.

The preceding two attempts  
were not successful, however, and  
the first one never produced any  
sugar.

In 1869, Mr. Dyer grew an ex-  
perimental crop of beets at Alvar-  
ado and the next year he organiz-  
ed the California Beet Sugar Man-  
ufacturing Co. and built a factory  
at a cost of \$125,000. Part of the  
machinery was imported and the  
rest was made in a San Francisco  
machine shop.

Juice was extracted by rasping  
the beets and the first sugar was  
produced on November 17, 1870.  
Production in 1870 was 250 tons.

The beets, averaging 8 per cent  
sugar, cost the factory \$3.50 per  
ton and the cost of sugar produc-  
tion was about 10 cents per pound.

The factory operated success-  
fully for about three years before  
machinery was transferred to  
Soquel.

In 1879, Mr. Dyer obtained new  
backing and added buildings to his  
factory site. The factory continued  
profitable operations until 1887  
when a boiler explosion wrecked  
the buildings and threw the com-  
pany into bankruptcy.

Undeterred by misfortune, Dyer  
reorganized his company, built  
new buildings and increased its  
capacity. A second rebuilding  
followed in 1892 and operation  
was continued until 1926 when it  
was sold to the Holly Sugar Co.,  
present owner.

It is the oldest beet sugar fac-  
tory in the country now, from the  
standpoint of continual operation.

### WATCH NATURE'S FASHION SHOW HAYWARD AERIE

NEWARK—In the sombre at-  
mosphere of a physics laboratory,  
Nature has taken to designing the  
patterns and color combinations of  
milady's gowns—and always in  
good taste. Nearly one thousand  
Rosierucians who attended the  
eighth annual AMORC Rosierucian  
Convention in San Jose, concluded  
this month, watched this strange  
phenomenon, says Mrs. Frank  
Evans of Newark, Calif. local mem-  
ber who has just returned from the  
conclave.

Daily, says Mrs. Frank Evans  
delegates observed in the light  
Laboratory of the Order, rays of  
sunlight from a helioscope which  
moves so that the sun's beams may  
be reflected from it in a fixed  
position enter mathematically ad-  
justed prisms, where the ensuing  
colors were arranged according to  
their respective vibratory rates.

The color harmony of the spec-  
trum is most perfect, and a great  
variety of shades and hues can be  
had by a slight change of the angle  
of the prisms. Each band of color  
is always in a natural relationship  
to all others. By the addition of  
refraction of mirrors, the rays of  
sunlight form a magnificent array  
of geometrical patterns, pleasing  
to the eye and easily reproduced  
for commercial purposes. The de-  
signs are infinite in number and

## FLOWERS

IT is a beautiful custom that prompts the sending  
of flowers for the funeral. These floral pieces,  
expressing love and esteem for one who has  
passed away, deserve the most careful treatment.  
We always handle and arrange the flowers in such a  
way as to make the most of their beauty. When the  
services are held at our funeral home, we receive the  
flowers and keep careful records of the donors, for  
the use of the family in acknowledging them for  
which we furnish the cards.

## SILVA DESERVES CREDIT

Interesting thing about the mass meeting held Monday at the Niles school, relative to moving the site of the school building, was the freedom with which people got up and expressed their views. This was owing almost solely to Judge J. A. Silva, who with engaging candor, started the ball rolling.

## FIGHT NOT OVER

Opponents of the supreme court packing have won their victory—temporarily.

Roosevelt will not stay licked on this issue. He will either attempt to see that his opponents are defeated in the next congressional elections or he will seek his ends by means of a constitutional amendment.

He should be forced to try the latter method.

Under our system of government, no one can object to supreme court packing if it is achieved by constitutional amendment; but fear of further defeat will cause Roosevelt to attempt this means only as a last resort.

Now is the time for congressmen who oppose him to beat him to the punch by proposing a constitutional amendment themselves. An amendment should be drawn, which if passed, will prohibit any increase in the supreme court bench. If such an amendment is passed, it will prevent any president from tampering with the judiciary except by a second amendment repealing the first.

If such an amendment fails, that failure will be a mandate to the president to renew his fight for packing.

## SUPPORT NEW ROAD

Agitation for an east bayshore highway has begun in earnest. Township residents should back the program by every means in their power. Completion of a new route to Oakland will mean a saving of 20 minutes for those who drive to town. It will materially decrease the hazards due to heavy traffic. The state highway department is busy with preliminary surveys which tentatively outline a route from Alvarado and between Centerville and Newark. Some day, that territory will be a big manufacturing district. The day will be brought closer through the construction of the new road.

## PETSCHKE URGES HIGHWAY ROUTE

NILES—Completion of the East Shore Highway from Oakland to San Jose today is being urged by business leaders and civic officials of Central and Northern California.

A special committee, headed by Irving H. Kahn, Oakland, has been appointed by the California State Chamber of Commerce to support the project. Relief of traffic congestion, improvement of communication between San Jose and Oakland and the breaking of "traffic funnels" would be accomplished by the completion of the highway, Chairman Kahn said.

Other members of the East Shore Highway Committee are M. R. Bookwalter, member of Traffic committee, San Jose Chamber of Commerce; C. P. Button, Tracy newspaper publisher; Clarne C. Cottrell, manager highway bureau; California State Automobile Association; F. T. Dusterberry, Centerville; Col. E. J. Hardy, president, Berkeley Chamber of Commerce and Joseph M. Parker, general manager, Oakland Chamber of Commerce.

"There is no other highway project in the State as important today as the completion of the East Shore Highway from Oakland to San Jose," A. J. Petschke of Niles stated.

"The completion of the highway from Oakland to Richmond already has brought a definite reduction in traffic accidents and traffic congestion on major thoroughfares between those two cities.

"The immediate completion of the highway south from Oakland will have an even greater effect on traffic congestion and traffic accidents on arterials now connecting Oakland and San Jose.

"The relief of present traffic congestion will effect not only those cities adjacent to the proposed highway, but those cities throughout Northern California whose citizens drive to Oakland and San Francisco.

"Because of its importance to them, scores of cities in Northern California have pledged their support toward the immediate completion of the East Shore Highway."

SUGAR COATING THE PILL  
Many great grand-fathers of today were boys when Wm. R. Burdette looked out of his laboratory window and watched the activities of a candy maker across the street.

Here was a candy maker sweetening things for healthy people while Pharmacy was making bitter pills for the sick and suffering. "Why not sugar coated pills," he thought. And so the first sugar coated pill was launched.

It is ever our desire to make things so pleasant and agreeable for you here that you will not care to shop elsewhere.

## DISTRICT SEEKS NEW STORAGE

NEWARK—A \$750,000 reservoir with a storage capacity of 11 billion gallons is being sought by the Alameda county water district. If the reservoir is built it will mean that Washington Township will never again be in danger of a water shortage.

There are many difficulties standing in the way of the structure, according to W. H. Patterson, president of the district board of directors. Chief among these difficulties is to find a way by which the Federal Works Progress Administration can donate its funds.

The dam as originally surveyed by the Spring Valley Water Company, to be built in a canyon near Calaveras Dam, would require sufficient man-hours of labor so that if it were a WPA project federal funds would pay for it in its entirety.

Furthermore, it is the type of project which the federal government likes to finance. However, there is one practical disadvantage: the fact that the WPA has no facilities for setting up workmen's camps distant from the cities. Members of the district board are seeking a method whereby some way be found around this drawback.

Use of water in the Alameda County district at present in the neighborhood of 5 billion gallons a year. Such a dam, if built, could impound a two years' supply if runoff is sufficient.

Another difficulty which will have to be worked out is determination of title and administration of the dam property. The land and the survey belong to the San Francisco water department. Whether it would be necessary to transfer title to the district or to the federal government in return for its financing is a matter for investigation.

PG & E SPENDS  
ON IMPROVEMENTS

NILES—Appropriations for construction and service improvements to both its gas and electric properties in the East Bay division are in excess of \$198,000 for the month of July, according to L. H. Newbert, division manager of the Pacific Gas and Electric Company.

Of this sum more than \$111,000 is being spent to lay approximately four and one third miles of gas pipeline in Oakland, Berkeley and Alameda. Most of the pipe is being laid to improve pressure conditions for gas consumers, the balance being replacements or extensions of service to supply new customers.

The remainder of the expenditure covers routine improvements, such as augmenting substation capacity, line and pole replacements and reconstruction, transformer placements, rerouting of poles and city, cable installations and replacements, rerouting of poles and equipment in Oakland where streets are being widened.

Work on these projects is already under way.

INSTALLATION

ALVARADO—Officers of Crusade Lodge, No. 93 of Alvarado and Niles Lodge of Niles were installed Tuesday in their respective offices by District Deputy Grand Master, Ed Hizer of District No. 36 and his staff, consisting of District Deputy Grand Warden, James Hunter and District Deputy Grand Chaplain, Albert Martin, D. D. G. I. G., Jacob Cook and D. D. G. O. G. George Duffey.

Officers installed for Crusade Lodge, No. 93 I. O. O. F., of Alvarado were Noble Grand, George Reinking; Vice Grand, James Hunter; Secretary, Ed Hizer; Treasurer, Ed Richmond and Chaplain, Ernest Lang.

Officers installed for Niles lodge were as follows:  
Noble Grand, M. Fournier; Vice Grand, William Cull; Secretary, H. L. Scott and Treasurer, Fred Mitte.

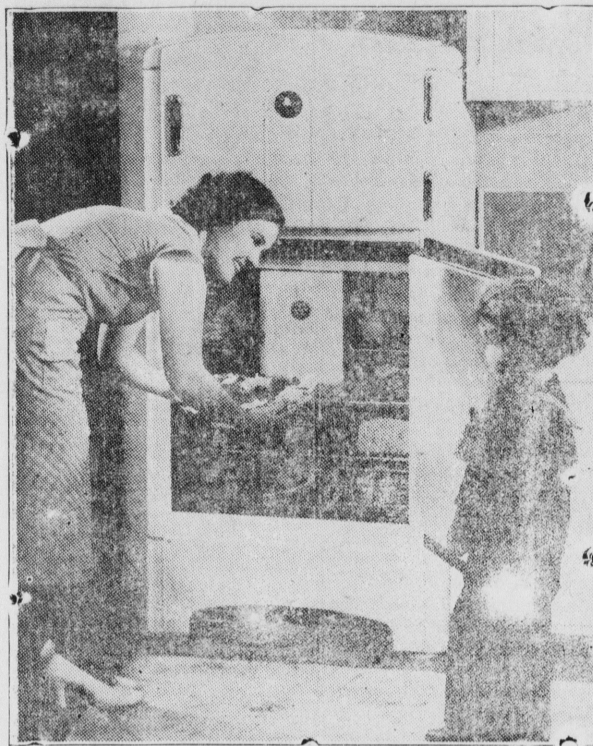

Among distinguished guests and visitors were: District Deputy Grand Master, John Kuznick of District No. 81, accompanied by San Leandro Lodge No. 231 headed by Noble Grand, F. S. Rose, Jr.; Vice Grand, Gus Stephens; Past Grand, F. L. Noia; Past Grand, Joe Silverose, and Past Deputy Grand Master, Edwin Duck and a large delegation of members of San Leandro Lodge, making a capacity crowd at Crusade Lodge. Sycamore Lodge No. 129, newly acquired lodge to District 36 formally of District 31 was present with its Noble Grand, Erick Hoyer; Vice Grand, Claud Johnson and William Wallace, a popular and well-known member to all in both Districts, Nos. 81 and 36 including a large delegation also from Sycamore Lodge, No. 129.

District Deputy Grand Master, Ed Hizer was highly complimented for the splendid manner in which he performed his installation ceremonies. A number of Past District Deputies and members gave short talks in that respect; after which the Lodge adjourned to the banquet hall for refreshments.

FAMOUS COMEDY  
NOW REFILMED

NILES—Back in 1919, eighteen years ago, a fresh-faced pair of young actors named Douglas McLean and Doris May appeared in a silent movie called "23 1/2 Hours Leave". Practically the entire country saw the show and laughed. The pair immediately became stars, but though they appeared in many comedies thereafter, they never managed to repeat their first success. McLean, after starring in numerous pictures, became an actor's agent. Clara Bow was one of his discoveries. Still later, he became a studio executive.

Now he has produced "23 1/2 Hours Leave" again as a talkie with younger people as the stars. It will appear at the Niles theatre on Sunday and Monday along with a Patsy Kelly comedy entitled "Nobody's Baby". The Kelly comedy is notable for the fact that, in addition to the irrepressible Miss Kelly, a gent by the name of Lynne Overman plays a part. This

Ruins Of Old Mill  
Getting All Spruced UpRILEY REPORTS  
BIG SURPLUS

SACRAMENTO—The close of June, 1939 should see California's general fund with a surplus approaching \$31,000,000, State Controller Harry B. Riley announced today.

"Sharp rises in revenue produced by the sales tax, the state's biggest money raiser, is the reason why the general fund should have a substantial surplus at the close of this biennium," Controller Riley said. "Another major factor is the personal income tax, which is producing forty-eight per cent more than it did a year ago. The bank and corporation franchise tax is showing a sixteen per cent increase. Other taxes are also bringing in money in excess of estimates."

If business conditions remain favorable, Controller Riley said, it will be possible for the legislature to consider tax reduction at its next session. Revenue will exceed general fund expenditures by approximately \$50,000,000 for the biennium, said

Overman has got something. He's a cross between Will Rogers and George M. Cohan and if given half a chance would be worth big money.

Friday and Saturday are devoted to a western entitled "North of the Rio Grande" and an opus called "Midnight Taxi".

Next Wednesday and Thursday, three comedians, Claudette Colbert, Robert Young and Melvyn Douglas appear in "She Met Him

NILES—Workers for Eaton & Smith, contractors on the local highway job, have been busy fishing the debris out of the old Vallejo mill foundations and "restoring" the mill to the appearance it had before the road excavations started.

Native Sons and Daughters have been toying with the idea of having the structure further restored, so that it would look something like it did 96 years ago.

The mill was built by Don J. J. Vallejo in 1841. An old aqueduct brought water from Alameda creek and mill stones were imported from Spain. Vallejo had several adobe houses built nearby, all of which have been destroyed, with the exception of the one at the California Nursery.

In 1868, the mill was rebuilt and new stones were used. Grain was ground there for a period of 41 years. In the early 80s, however, other crops had superseded the grain and the mill owner of that day shut down his mill and committed suicide.

When the Spring Valley Water Company took over the property, part of the old aqueduct, built by Vallejo, was reinforced with brick and became part of the water company's line.

In Paris. There are many snow scenes, supposed to be in ritzy Alpine resorts, which actually were taken in the Sun Valley in Idaho.

"The new estimate is based upon a survey of revenues and expenditures which has been in progress since the end of the bill signing period, July 2," Controller Riley stated. "The amount of money flowing into the treasury shows that business is good and improving in California, for sales and income taxes sharply reflect busi-

KRAFTILE LOSES  
BY 2 TO 0 SCORE

NILES—Kraft-Phenix Softball Team of Oakland defeated the Kraftile Team on Monday night, July 26, at Oakland in a well played game by the score of 6 to 2. The Kraftile boys played against one of the best softball clubs in the Oakland district for the Kraft-Phenix Cheese Company team lead their division of the Recreational league having lost only one game this season out of ten games played.

Ernie Silva of the Kraftile Team started the scoring in the second inning by polling out a home run over the left field fence, the only home-run made against the Kraft-Phenix Team this year. The Kraft Cheese boys retaliated with four runs in their half by mixing two hits in with two walks and a Kraftile miscue. The Kraftile lost a good chance to score in the third inning when Blacow lead off with a double, and advanced to third with none out, where he was stranded when the next batters popped out. Kraftile scored in the 4th inning when Delgado laced out a hit after Aperry had led off with a double. Russell Dyer, of Kraftile in short field drew applause from the rooters with two sensational running catches one of which ended in a double play. Delgado in left field with five put outs was the other fielding star. Hattenhauer, o the tile team, pitched good ball striking out four men and allowing only seven hits.

ALKA-SELTZERIZE

Millions of users feel that they get quicker, more pleasant, more effective relief from ALKA-SELTZER than from old-fashioned unpalatable preparations. That's why ALKA-SELTZER is more in demand than almost any other single item in the average drug store.

We recommend ALKA-SELTZER for the relief of Gas on Stomach, Sour Stomach, Headache, Colds, "Morning After," Muscular Pains, and as a Gargle in Minor Throat Irritations.

We really mean it. Use ALKA-SELTZER for any or all of these discomforts. Your money back if it fails to relieve.

In addition to an analgesic (Acetyl-Salicylate of Soda), each glass of ALKA-SELTZER contains alkalis which help to correct those everyday ailments due to Hyper-Acidity.

In 30¢ and 60¢ packages at your drug store.
